The South Australian Wound Management Association is proud to offer this one day seminar examining the fundamentals of wound management. This exciting program provides delegates the opportunity to hear from some of the most respected and experienced wound practitioners in Australia, including the President of the Australian Wound Management Association (AWMA), Associate Professor Michael Woodward. SAWMA is pleased to invite you to its 2009 seminar: "Back to the Future – Wound Basics & Beyond".

We hope you will join us.

Ms Sue Templeton, President SAWMA
